

City of Deltona Cable Television Channel (CODTV)

Program Policies:

Appropriate Programming Includes:

- Coverage of public meetings for government policy-making boards, with the initial and primary focus on City Commission meetings and work sessions.
- Informational or instructional programs on various City issues, agency functions and services.
- Emergency and public safety information including information on hurricanes, tornadoes and other natural disasters, poison prevention, first aid, etc.
- General announcements of City services, current government meetings, City sponsored events and job listings.
- City services and programs, including recreation activities at City facilities (sports sign-ups and sponsored festivals and events).
- In-service training programs and educational programs appropriate for public viewing.
- Election result coverage that is non-biased, non-partisan and neutral in nature.
- Public service announcements (PSAs) of interest to the public and public safety.

The City Manager's Office is responsible for operation of CODTV, using the channel to support the direction of the City Commission and to provide leadership to and support the operations of the City.
